

ANBULALITHA GOPALAKRISHNAN

.NET Developer | ASP.NET Core | Web API | SQL Server | MVC | C# | 1.6 Years Experience

✉ anbulalithagopal@gmail.com ☎ 9486445091 🔗 LinkedIn 🌐 GitHub 🌐 Portfolio

OBJECTIVE

Passionate .NET Developer with hands-on experience in designing scalable web applications using ASP.NET MVC/Core, C#, and SQL Server. Experienced in REST API development, authentication implementation, and database optimization.

EDUCATION

Velalar College of Engineering and Technology

B.Tech Information Technology

2020 – 2024

Erode, India

- **CGPA:** 8.92

SKILLS

- **Languages:** C#, Java
- **Frameworks:** ASP.NET Core, ASP.NET MVC, Web API, Bootstrap
- **Database:** SQL Server
- **Tools:** Visual Studio, Git
- **Concepts:** OOPS, REST APIs, MVC Architecture
- **Problem Solving:** Data Structures and Algorithms

WORK EXPERIENCE

Software Developer (.NET) | MACOM Solutions

2024 – Present

Erode, India

- Developing enterprise web applications using ASP.NET Core MVC and C# integrated with SQL Server.
- Designed and developed RESTful APIs for employee and performance management systems.
- Implemented CRUD operations using Entity Framework improving HR workflow efficiency by 40%.
- Optimized SQL queries and database operations improving application performance by 30%.
- Collaborated with team members using Git for version control and code reviews.

PROJECTS

Employee Management System

Enterprise HR Platform

- Developed a role-based HR management platform for managing employees, attendance and performance tracking.
- Implemented authentication and secure database interaction using Entity Framework.
- **Technologies:** ASP.NET Core MVC, C#, SQL Server

E-Commerce Web Application

Full-Stack Platform

- Built an e-commerce application with product catalog, cart management and order processing.
- Developed backend APIs using ASP.NET Core Web API and integrated frontend using React.
- **Technologies:** ASP.NET Core Web API, React, SQL Server

ACHIEVEMENTS

- Executive Member INFOUXANO Club
- Entrepreneurship Development Cell (EDC) Member VCET
- Prompt Engineering Certification Great Learning
- Data Structures & Algorithms Coursera
